

# PERIL TO BRITISH RULE IN INDIA

## THRILLING TALE OF ZR-2 DISASTER TOLD BY AMERICAN SURVIVOR

### Peace Treaty With Germany Signed at Berlin

#### FEDERAL TROOPS TO GUARD MINGO FIELD FROM MOB

REGULARS ARE READY AT FORT BENJAMIN HARRISON.

#### CITIZENS ARMED

Plan to Help Oppose Gang Marching on Martial Law Area.

(ASSOCIATED PRESS.)

Washington.—An urgent appeal for federal troops to restore order and prevent further incursions on the part of striking miners in the Mingo coal fields of West Virginia, was received Thursday at the war department.

The request for troops, made by Governor Morgan, West Virginia, said a force of 1,000 men were needed. Acting Secretary of War Martin Wright yesterday ordered Brigadier General Read, commander of the fifth corps area, headquarters at Fort Benjamin Harrison, Ind., to hold troops available for quick dispatch to the West Virginia coal fields.

Brig. Gen. H. H. Handholz, provost provost marshal general of A.E.F. and commander of the new army district of Washington, and Col. S. H. Ford, were ordered to proceed immediately to Charleston, W. Va., to conduct an investigation as to conditions in the troubled area.

#### 500 CITIZENS UNDERTAKE ARMS AGAINST MOB

(ASSOCIATED PRESS.)

Logan, W. Va.—About 500 Logan county citizens, 400 miners and 100 men from the coal prepared to hurry to the Boone county border where, according to advice received at the office of Sheriff Don Chaffin, a party of men marching from Mingo to Mingo county, as a protest against martial law, there were about to cross the boundary.

There was no direct information as to the numbers of the invaders, as they were cut off. Neither was it known just where the marchers were. They were said to be the more radical element of the men who, for almost a week have been in camp at Marmet, near Charleston, with the announced intention of moving on Mingo as soon as their plans were perfected.

Stop Freight Train.

Alarming reports began to reach Logan soon after midnight. They were to the effect that a number of men had left the Marmet camp and crossed over into Boone county. They were traveling in automobiles, the report said, and reaching the Coal River division of the Chesapeake and Ohio railroad at Dyers had seized a freight train. The reports were vague and the first information that Sheriff Chaffin was calling for assistance was conveyed in the screams of the whistles. Many men quickly responded, assembling at the court house.

Automobiles were commanded and a force organized so it could move quickly to any point along the county border. They were then instructed to wait in the vicinity of the court house, subject to instant call.

#### THOUSANDS IN MOB

(ASSOCIATED PRESS.)

Bacne, W. Va.—A crowd of men, estimated at between 6,000 and 8,000, reached the border Tuesday morning from Marmet, where they had been camped. Many of them openly said they were marching to Mingo county, where martial law, declared several months ago by Governor Morgan, is still in force. They were apparently without leaders and straggled into town, although a compact body held to the main highway.

CLERK RETURNS.

County Clerk Howard W. Lee was back at his desk in the court house, Thursday, after two days' illness.

#### How's the Market Today?

The wants and offers presented to you in the classified section are constantly changing—like the quotations on the stock market—and they are just as easily followed by thousands of readers.

To keep in touch with the stock market you have to read the market.

There's another kind of a tickler here in Janesville that tells you all the latest developments in the stock market. To be up to the minute in the buying and selling opportunities of the city, you have to read the classified columns of the Gazette every day.

If you are in the market to buy, sell, or rent, you won't know the best prices you can get unless you watch the little ads in the Gazette. They are a sure indication of supply and demand in scores of different lines.

Follow the Gazette's thrifty tickler every day and when you want to use an ad of your own, call Main 77 and ask for an ad-taker.

#### A Park and a Zoo

A park in Janesville marks an epoch in the history of the city.

We have been talking about it for many years and now it is an accomplished fact so far as the first step is concerned.

But a tract of thirty acres of pasture along a mile of river front does not make a park. It needs more—a landscape plan and drives, and grounds laid out for recreation and play.

The city is a little over 80 years old and it has taken that long to get a piece of ground for a park. It should not take 80 years more to make it attractive. The city planning commission is alive to the needs of the hour. It has been working assiduously to accomplish the present result. The park committee of the council is also keenly responsive to the demand for a park.

The biggest and most important attraction for the park is a zoo.

Janesville can have a Zoo at the park next year. The people can have one if they want it. Every child in the city can give a few pennies for the purpose. Every penny will help buy an elephant. The Janesville Daily Gazette starts the Zoo fund with \$25.

Let us have a collection of native animals. Wisconsin at one time was the greatest hunting ground of America. Here were found more bear, deer, squirrels and food game and more birds and fowls, than anywhere in the United States. We can have a great cage at the Zoo with water fowl native to the state. We can have many cages of animals and make the exhibit a constant educator in zoology.

We hope the women's clubs of the city will take up this matter of a zoo—will get in earnest about the park and what can be done to make it the most attractive place in the city and of the country round about.

The merchants of the city should be interested for a park and zoo here will draw people to Janesville.

The schools should be interested for the zoo and the park can be made a part of the educational system of the city.

The churches should be interested as it means an aid to the work the church is doing.

The population generally should be interested for it means a people's place for recreation, which we have never had before.

If you feel that way—that we want a zoo and a real park—send your contribution to the Zoo editor of the Gazette.

All over the country there is unemployment. We are more fortunate here. There is a place for every person seeking work in the tobacco fields of Rock county right now. Later that work will not be available. Then there is the park. There is a great deal to be done there. We can put many men at that job if there is a demand for employment in Janesville. We know little of the serious conditions of unemployment in other places. We have been fortunate beyond words here. We have had employment nearly all the time for our own people—the men and women who live here and own their own homes or have made or expect to make their homes here in Janesville permanently.

But there is winter coming on and 5,000,000 men and women who are wage earners, out of work. We are not sure of the tomorrow here and it is well to plan so that in case we have unemployed situations to meet we do it well and solve the problems with some concrete efficiency.

The new park will provide a means for employment and the city can afford in such a case, to sink the ordinary rules of business to see that this is done.

In many ways the park for the city is the best thing that has happened for 50 years.

The street railway of the city may solve its problem of living from hand to mouth by being the great means of transportation to the park and following the example of traction lines in other places, should be among the first to aid in the work of making the park a real place of recreation and assist in the establishment of the zoo.

County Buys Beautiful 21-Acre Tract North of City for Sanatorium

Final purchase of a 21-acre tract of land on the east shore of Rock river just north of the old stone bridge, the Janesville bridge, on Wednesday afternoon by county supervisors, after an all-day session. The approximate cost to the county will be \$5,175, based on figures of 20.7 acres at \$250 per acre.

The land is to be purchased from J. S. Sprackling, it being a portion of his 10-acre farm lying about a half mile south of the county poor farm and insane asylum separate from that property by the W. G. Henning farm. All that remains to Sprackling is the securing of a clear title.

I consider the site the most beautiful one we could have found anywhere in Rock county," said Supervisor M. F. Richardson, Janesville, Thursday. "It is situated at a right angular bend in the river, providing a beautiful view both up and down the river. There are plenty of large trees and the surrounding country is beautiful. All in all, it is the best piece of property obtainable in a county sanatorium."

The tract bought by the county has been used as pasture land. It is located at a point where the river

flows directly westward past Crystal Springs and into the river. The property adjoins the George S. Farley farm.

The land has no frontage on the Janesville-Bedford concrete highway but lays several hundred yards west of it. The tract itself consists of 18.35 acres with a three-acre strip containing 1.75 acres extending from the concrete highway through the center of the tract to the river on the river.

Purchase of the land is the first real step toward providing a sanatorium, the plan of the county board of supervisors for the last six years.

The next step will be providing money for the erection of the building.

The purchase was effected with Mr. Sprackling by a joint committee consisting of the county board of supervisors—M. F. Richardson, Evansville; John Paul, Milton Junction; and the special sanatorium committee—Dr. C. M. Smith, Evansville, acting chairman in the absence of George Woodman; W. W. Dalton, Clinton; Simon Smith, Detroit.

The tract bought by the county is located at a point where the river

#### Fear 1,000 Dead in India Revolt; English Periled

(By Associated Press)

London.—More than 1,000 lives, it is feared, have been lost in the rioting in the Malabar district of British India, says an Exchange Telegraph dispatch from Bombay, received Thursday.

Anxiety is felt for English women and children in the outlying districts. Several railway stations have been wrecked. Twenty men of the Leinster regiment at Tirunangadi are reported to have been cut off.

The center of the riotous area appears to be in the district of North Ponani, 38 miles southeast of Calicut. Many clashes with military forces have occurred.

The outbreak is attributed in British quarters to the work of agitators among the natives.

#### Seek Arms Delegate

Left to right, above: Mrs. Norman de Whitehouse and Mrs. Mood Wood Park. Below: Mrs. Pattie Rosser Jacobs, Mrs. James Lees Laidlaw and Mrs. George Golloman.

Here are some of the many leaders of women throughout the country who believe a woman should be appointed by President Harding as an American delegate to the international conference or disarmament to be held in Washington, Nov. 17. Mrs. Mood Wood Park is president of the League of Women Voters; Mrs. Laidlaw is second vice-chairman of the Women's Nonpartisan Front; Mrs. Golloman is president of the League council; Mrs. Jacobs is a member of the League of Women Voters; Mrs. de Whitehouse is a prominent suffragist.

# ITALY STOPS "REDS" AND BOLSHEVISM

Formation of Fascista Party Means New Era, — Says Cuniberti.

Political conditions in Italy are improving rapidly, as a result of the formation of the Fascista political party, according to Romano Cuniberti, 220 St. Lawrence avenue, Janeville, who returned last week from Italy, where he had been visiting his mother since April. He states that political conditions became so bad following the amnesty granted by the king soon after the war, that the sufferings of the war were more tolerable than those that were caused as a result of this amnesty.

"By reason of the catastrophic consequences of his policy, former Premier Nitti will pass into history with the title of 'Second Caporetto,'" declared Mr. Cuniberti, Thursday. "I took the Italian soldiers only a few months to recover from the war disaster of Caporetto, but the nation is still staggering under the results of Nitti's vicious policy. During the first year of peace, one of his most deplorable acts was to induce the king to grant a general amnesty immediately after the armistice. This amnesty allowed the repatriation of all the political exiles and of all those who had been guilty of propaganda or intrigue against war, it opened the prison doors to many criminals, encouraged the seditionists and made it possible to deserters to return to their families and enjoy all the privileges of free citizens, before the parties who had fought, suffered and bled for their country.

Free Greater Suffering.

"The Italian people who, during the war, endured every sort of hardship, after the armistice found they must face even greater suffering. Many kinds of prime necessities were entirely lacking, the others were extremely costly, the public debt had reached an amount almost equal to the total wealth of the nation, the coveted train of victory was strenuously contested to the last by every class. All these elements, and the evident connivance of the government, made easy the spreading of the Bolshevik theories and to this end contributed largely the gold distributed by the emissaries of Lenin. Unbelievable to say, the arch agitator, Malatza, in possession of a safe conduct signed by Premier Nitti was touring the country injecting in the credulous crowds the poison of anarchy.

Country in Chaos.

"As a logical outcome of these conditions, soon after the workers took possession of the factories, following the Russian example, and in the provinces the so-called Red Leagues were formed which forced landowners and farmers as well to enroll themselves in their unions and in case of refusal the 'Red Guards' did not hesitate to destroy crops, damage property, and even kill those who dared to rebel. The Italian government, for fear of dispossessing the socialist party, then very powerfully was unwilling to check the communistic excesses and, natural result of this chaotic state of affairs the Fascista party was born.

Fascista Party Constructive.

"This young but aggressive political organization which embraces all the idealistic forces of the nation, follows an eminently patriotic and constructive program. It is represented by active groups in every little town. Every center has a sound organization whose duty it is to impede any antipatriotic demonstration and to punish with severe reprisals all acts of violence perpetrated by the communists.

"Thanks to the work of the Fascisti, Italy has been freed from the menace of bolshevism, and today army officers can walk the streets unmolested, citizens can wear patriotic emblems in their boutonnieres and farmers can harvest the crops without being obliged to have leave with the 'Red Guards' for permission.

"In the general elections of last May nearly 40 Fascisti were elected deputies and their first undertaking was to literally kick out like a dog from the Italian Parliament the war deserter Alisano who had been condemned to be shot by a military tribunal and while fugitive, had succeeded in being elected deputy by the communist party.

"Since the Fascisti, a great force is arising from the Italian workers' mind the soviet paradise has been the publication of a report prepared by the members of the Italian socialist mission which went to Russia last fall by invitation of the government at Moscow. The narration of the Italian socialists is heart rending in all its details and prophesies what is actually taking place today.

Nose of Ship Dropped.

"I noticed," he said Thursday, "that the ZR-2 was moving in a peculiar way. The nose of the dirigible showed an unusual tendency to drop down. I knew at once that something was wrong and watched her carefully. In less than two minutes, the huge envelope broke in two and fell in flames. I ran to the river side, where I secured a tug and went to the place where the wreck had fallen. I put out a small boat and went into the gun cockpit in the aft section of the airship and then swam along the fuel. I rescued the pilot, one man, and turned it over to the buoyant, but could find nothing else."

The body of Lieut. C. G. Little, one of the American officers, was at the Hull infirmary Thursday, where he died after being removed from the wreckage of the ZR-2. The body of Lieut. Marcus H. Estey, another American victim, was at a mortuary and both were held pending an inquest, which probably will not be held until the bodies are taken out of the wrecks.

Lieut. Commander V. N. Bieg, 30, of Providence, R. I., married, performed destroyer duty during war.

Lieut. Commander Emery Coll, 32, Westboro, Mass., married, served as member of the allied aeronautical commission of control, executive official of airship detachment at Howden.

Lieut. Marcus H. Estey, 30, Youngstown, O., married.

Lieut. Howard H. Hoyt, 39, Clearwater, Fla., single. Had charge of lighter-than-air work with Pacific air force until sent to Howden.

Lieut. Charles G. Little, 27, Newburyport, Mass. Married recently in England. Distinguished himself in ineffectual attempt to save American blimp C-3, when it was destroyed in Newfoundland.

Lieut. Commander J. Alter, Denver, Colo.

Robert A. S. Pettit, New York.

Robert M. Coons, Owensboro, Ky.

John E. Crowell, Charleston, S. C.

J. B. Hancock, father in London, England.  
Albert Julius, Los Angeles.  
Albert L. Lottin, Lake Charles, La.  
William J. Steele, Bapbridge, Ind.  
George Welsh, Elgin, Ill.

MOST AMERICANS KILLED BY EXPLOSION

BY ASSOCIATED PRESS.  
Hull, England.—Most of the American members of the crew of the ill-fated dirigible ZR-2 were killed by the explosion which followed the buckling and snapping of girders amidships, declared Flight Lieut. A. H. Wain, in command of the craft as navigating officer at the time of the disaster.

Lieut. Wain said the ship had run perfectly until there came a violent cracking sound.

"Before the moment of the accident," said Lieut. Wain, whose injuries are not serious, "the craft had been sailing perfectly. She had been passing through various difficult tests and the speed had been reduced, when suddenly, while crossing the broad estuary of the lumber, I heard the grinding and cracking of girders and the airship pitched forward from an even keel."

Drops Like Rock.

"As soon as possible I emptied the water ballast to enable the craft to resume its normal position, but at the instant of a tremendous explosion occurred. The great ship seemed to hold for a moment and then it dropped like a rock. The concussion threw me down in the navigator's seat, where I was pinned by the wreckage. The section of the craft in which I was riding remained above the water when she plunged into the lumber and was rescued after being impaled for four hours."

Lieut. Wain denied local reports that he had passed the ZR-2 into the river rather than on the shore, which was crowded by thousands of spectators. The disaster occurred so quickly, he said, that such action was impossible.

Free Greater Suffering.

CAUSE OF TRAGEDY

BY ASSOCIATED PRESS.  
Lander, Wyo.—The most tragic extension of the Rocky Mountain Highway, which was conveniently dedicated Aug. 21, is said to open up wild land of the United States.

The Rocky Mountain highway runs from Denver to Lander, the Wind River extension carries it 200 miles farther through the "front door" to Yellowstone National Park. The total distance from Denver to the park is 552 miles.

The section which starts at Twyfelfontein Pass, the highest point of the highway, 9,000 feet above sea level, where the traveler enters the famous Jackson Hole country where Tracy the outlaw some years ago led hundreds of outlaws in a merry chase in the dense forests and among the wild canyons.

Governor Carey gave the principal address and there were present delegations from adjoining states as far as Colorado.

He said 400 miles of trout streams

had been turned into canyons into

the Wind River along the trail.

Some of them, he said, never had been mapped and there have been recent discoveries of small lakes which also were not shown on the maps. Through the appearance of General Luden and daughters of the soldiers, don't an eagle outburst on that occasion was but slight. The many sons, nurses and radicalistic labor organizations followed the veterans on their march, and the great crowd, the great enthusiasm, the great spirit, the great enthusiasm led the menial services for the fallen. Field Marshal Von Hindenburg, who sponsored the demonstration, telephoned his regrets that he could not attend.

## THE SOCIAL CHRONICLE

## SOCIAL EVENTS

FRIDAY, AUGUST 26.

Afternoon—Golf game and luncheon.

Honor Mrs. Dean.—Mrs. Will Lamb, Tudor avenue, entertained at luncheon in honor of Mrs. Chester Dean, Ames, Ia., who is visiting her daughter, Mrs. Earl Kamm, Harmony. Guests were late for 12 and social afternoon spent.

Guests from House Party.—The Misses Lola Cleverne and Beulah Fairchild and Messrs. William Todd and Charles Carr, Elgin, Ill., motored here and were weekend guests at a house party given by Miss Alice Murray, Delavan road. Several informal parties were given in their honor.

Robeson-Christensen.—Wedding—Miss Gladys Robeson, daughter of Mr. and Mrs. M. C. Robeson, Durbin, became the bride of Virgo Christensen, son of Mr. and Mrs. Andrew Christensen, at the home of the bride's parents at 1 p. m. Wednesday. The Rev. Mr. Robeson, a brother of the bride officiated, while Paul Robeson, brother of the bride and Margaret Christensen, sister of the groom, attended.

Following the short wedding ceremony, a three course wedding dinner was served to the large number of guests. Following the dinner, the young couple left for a drive to Racine. Chicago visitors in Central Park. They will live on the groom's farm, northeast of Clinton, and will be at home after Oct. 1.

Among the guests from away were Mr. and Mrs. Tangs, Racine; V. A. Christensen and family, Clinton; Walter Christensen and Mrs. Byron Sharpe.

Miss Hoytont Hostess at Dinner.—Several young women were guests at an informal dinner party Tuesday night at the home of Miss Kathryn Hoytont, Avon, in honor of Misses Lola Cleverne and Beulah Fairchild, Elgin, Ill. Among those who attended were Misses Bessie Stoney, Leah Vail, Alice Murray and Margaret Quirk. A theater was attended in the evening.

To Play Bunes—Members of the Court of Honor No. 581 will play bunes in the Eagles hall Friday night. The game will follow the regular business meeting at which candidates will be received.

In Honor of Birthday—The fifth birthday of Miss Phyllis Mae Doane, daughter of Mr. and Mrs. F. K. Doane, 25 Harrison street, was the occasion of a party at her home Monday afternoon, to which 10 of her little girl friends were invited.

Wedding at Elgin Saturday.—The marriage of Miss Louise Bittcher, daughter of Mrs. Louise Bittcher, 718 Church street, Elgin, and Gerald Echlin Cunningham, son of Mr. and Mrs. Herbert J. Cunningham, 533 South Bluff street, will take place Saturday, Aug. 27, at the home of the bride. Rev. Mr. Miller of the Congregational church will officiate. Several from this city will attend.

Mrs. Smith Entertainer.—E. O. Smith, Academy street, entertained 16 women Wednesday afternoon. Those present were all members of a bridge club that meets every two weeks. Prizes Wednesday were taken by Mrs. John Higgins, Mrs. E. O. Smith and Mrs. Smith. Mrs. Smith served a dinner. The home and tables were decorated with bouquets of the late garden flowers.

Dinner for Miss Smith.—Miss Alice Barlow, Jefferson avenue, entertained at a 6:30 dinner party Wednesday night in honor of Miss Belinda Smith, daughter of Mrs. J. B. Smith, Jefferson avenue, who will attend the September bridges. Guests included the 16 women who were single and lavender carried out in the home and on the three tables at which the dinner was served. The bride-to-be was presented with a stocking shower. At Brinley in the evening, Miss Bernice Smiley took the prize.

Party at Brinley—Mrs. George Turk, 1227 North Third street, invited 125 to her home Tuesday, Aug. 25. Wednesday. Five hundred were played and the prizes were won by Mrs. H. J. Turville and Mrs. Maud Fleck, Beloit. At 5:30 a two-course supper was served, plates being laid for 12 at small tables made beautiful with mixed flowers. The guests were members of a club which is organizing for the winter social season.

In Honor of Mrs. Wilcox.—Mrs. Frank Jackman, Sinclair street, was hostess Wednesday to the Birthday club. The honored guest was Mrs. J. L. Wilcox whose birthday was Aug. 24. Duplicate bridge was played after a luncheon served by the hostess at one o'clock. Eight guests enjoyed the affair.

To Have Luncheon Tuesday.—Mrs. T. S. Nolan, 492 South Third street, and Mrs. Louis Anderson, 393 South Third street, have given out invitations for an one o'clock luncheon Tuesday, Aug. 26, to be held at the Sunbeam Clubhouse.

Luncheon for Sister.—Mrs. Oscar John, Milwaukee avenue, entertained at a luncheon Wednesday complimentary to her sister, Miss Van Kuster, Minneapolis, Minn., who has been her guest for a few weeks. Places were laid for eight at the one-table decorated with white and yellow flowers. Bridge was played in the afternoon.

Take Supper at Koskiong.—A party of 16 motored to Lake Koskiong Wednesday. They were guests at the R. M. R. cottage, taking a supper which was served at seven o'clock. They returned late in the evening.

Celebrate Birthdays.—A family

GRADUATE NURSES ATTENTION

The attention of all graduate nurses not registered is called to Section 3832 of the new bill governing registration in the State of Wisconsin.

Section 3832 states: "All nurses graduating before Sept. 1, 1921, from an accredited Training School connected with a General or Special Hospital, who at the time of graduation shall have received at least two years in such a Training School shall, upon application to the State Board of Health and the payment of a fee of ten dollars be entitled to a certificate of registration to practice nursing as a registered nurse, without examination."

This waiver will expire Sept. 1, 1921.

The new bill requires all Graduate Nurses to register in order to practice nursing in the State of Wisconsin.

You are therefore urged to make application for registration before Sept. 1, 1921, and avoid having to take the examination.

Application should be made to MRS. MARY F. MORGAN,

State Board of Health,

Madison, Wis.

## POLITICIANS WILL GATHER AT FAIR

State Officials and Opponents to Collect Forces for Next Campaign.

BY ASSOCIATED PRESS.

Madison—All state officials with the exception of Attorney General William J. Morgan plan to attend the state fair at Milwaukee next week. Governor Blaine will spend most of the week in that city, while Elmer S. Hall, secretary of state, and Henry Johnson, state treasurer, will both be there much of the time.

Word has come that Senator Lehman plans to return to the state for the occasion, with a probability that Senator LaFollette may also be back. At that time the first political conferences and get-togethers to talk over the existing situation, will be held.

While little importance is attached to these discussions, taunts with nothing definite resulting from them, may serve to revive campaign talk which already is becoming a lively subject of everyday capital gossip.

Morgan is in Cincinnati, Attorney General Morgan, who is expected to figure largely in the United States senatorial race for the governorship, is now in Milwaukee, having been invited to attend any meetings he may. His plan is to meet with the attorneys general at Cincinnati Monday and Tuesday and to remain over for the National Bar Association meeting.

The group represented by Senator Lehman has no definite legislative candidates for the various state positions, with the exception of the attorney in the inspection to Senator LaFollette. Some mention has been made of Attorney General Morgan in this connection.

Attorney General Morgan, who is a candidate for the position of United States senator, is in Milwaukee to attend any meetings he may.

# ANTI-PACT GROUP IN CLEAR VICTORY

New Peace Treaty Is Cleverly Worded: Germany Concedes Points.

By DAVID LAWRENCE, by Janesville Gazette.

Washington.—The "irreconcilable" group in the United States, original foes of the Versailles Treaty, which they won as a complete victory, official announcement came at the white house that a separate peace with Germany had been negotiated and conferences between President Harding and republican members of the senate foreign relations committee yielded the information that at least a substitute for the peace treaty negotiated by President Wilson had been agreed upon between Germany and the United States.

The new treaty is brief and ingeniously worded, the many concessions practically every point. She gave the United States all the rights which were given to other countries under the Versailles treaty, it offered the new treaty does the following things:

1. Establishes peace between the United States and Germany as soon as the pact is ratified by the United States senate and the German Reichstag.

2. It makes possible the negotiation in the future of new commercial treaties.

3. It contemplates the resumption of diplomatic relations as soon as the ratifications are exchanged.

4. It makes possible the issuance of a peace proclamation terminating all war legislation, of which the "provisional" of the war, which, after peace had been proclaimed, were used. These laws have been a source of much discussion and legal dispute. The "irreconcilables" are happy for they have brought to their ranks not only a majority of the senate but the executive branch of the government including men like Secretary Hughes who originally favored the Versailles pact, with reservations, Senator Lodge, who drew up a set of reservations to the Versailles treaty has agreed to the abandonment of that document and is in favor of the new peace treaty.

**Knox Is Pleased.**  
Senator Knox, who wrote the peace resolution of congress, is pleased because the new treaty looks almost exactly the purposes of that resolution. The "irreconcilables" set out to defeat the League of Nations, to see to it that the United States assumed no political obligations in any treaty of a separate peace with Germany and to see that America's economic rights growing out of the European war were safeguarded.

All these points in the program of the "irreconcilables" have been absolutely won by them. The new treaty ignores the League of Nations. It doesn't involve the United States in any assumption of political obligations, nor does it assume responsibilities in European affairs. It confirms the permanent resolution declaring peace, it safeguards America's economic rights in all the territories either through mandates or cessions to the victorious powers in the European war. It affords the basis for claims of equal commercial opportunity in oil regions and in other areas where valuable resources may be found. **Senate Will Ratify.**

The ratification will go through the senate without much opposition. The democrats have a membership of only slightly more than one-third of the senate and there are at least half dozen democrats who will vote with the republicans to make the necessary two-thirds.

The question is being asked how it is that the democrats can obtain rights under the Versailles treaty which it doesn't consider valid because it failed of ratification. But the truth is the United States has just made what amounts to a "favored nation" treaty. It has been customary for governments in making treaties with each other to obtain all the rights of special privileges in commerce which were being granted to other powers. Thus Germany and the allies certain economic rights.

## Sweeping Rights.

She gives America the same rights by a sweeping assertion that the same privileges as were granted to other countries in the Versailles treaty are granted to the American government. The Versailles treaty is recognized as in existence between Germany and the European powers just as it would be if it had never been offered to America for signature. It is true also that the Versailles pact which was repudiated by the senate was never returned to Germany by the department of state either under the Wilson or Harding administration.

Much was made of that fact during the negotiations because at any time the American government could have submitted the Versailles pact with reservations excluding the undesirable clauses and thus obtain the same thing. So Germany obliged America by following the Harding-Knox formula. Secretary Hughes, a distinguished jurist, has decided that America's legal rights are fully secured.

The issue now is before the senate which will ratify or reject the pact after the recess next month. The treaty will, however, be ratified.

## FRIEND OF OBREGON VICTIM OF SLAYER

By ASSOCIATED PRESS.  
Mexico City.—Gen. Alfonso, a close friend of President Obregon, has been assassinated at Aurora, in the state of Chiapas. Gen. Alfonso was active in the revolution that overthrew President Carranza.

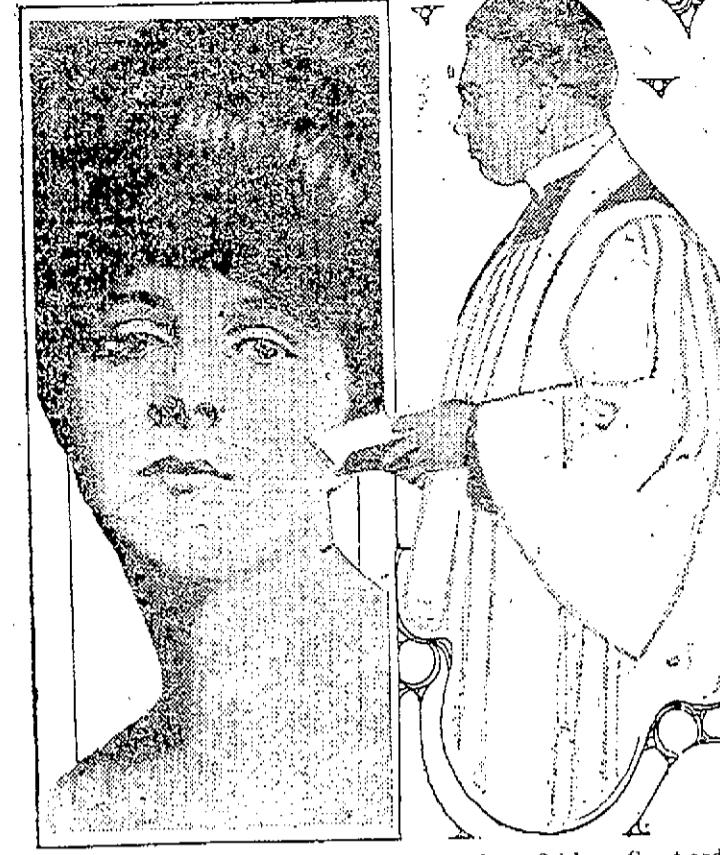

## \$20,000 Drugs Seized On Board U. S. Vessel

New York.—Drugs and jewelry valued at \$20,000 were seized aboard the *Shipping Board* SS. *Fort Armstrong* by customs inspectors. The American chief engineer, Robert Lovelace, of New York, N. J., chief engineer, among the contestants, were rare lace, cocaine, two wands, table covers, seals, dolls, and three spoons which were evidence of having been owned by the royal family of Russia.

## Former Barker Found Guilty of Threats

Supreme—Thomas Tolleson, a former Barker of St. Paul and Burnett county official, was found guilty of sending threatening letters through the mails, by a jury in federal court Tuesday night. It was charged that Tolleson sent such letters to W. Nicholson and his son, the Barker, on the porch of Nicholson's home in Duluth. The jury recommended leniency. Sentence will be passed late Wednesday.

## WILL RECTOR LISTEN TO CALL OF LOVE OR DUTY? HIS ENGAGEMENT TO DIVORCEE SETS CHURCH AGOG

Left to right: Mrs. Philip M. Lydig, Dr. Percy Stickney Grant and Bishop William T. Manning.

Is his love for the fashionable Mrs. Philip M. Lydig twice divorced, to drive Dr. Percy Stickney Grant from his pulpit at the Ascension church in New York city? Across the engagement of this celebrated couple, the announcement of which has caused a storm of conjecture to arise in prominent Episcopalian circles, falls the ominous shadow of Episcopal disapproval. Bishop William T. Manning, who must pass upon the marriage, refuses to make a statement at this time.

Left to right: Mrs. Philip M. Lydig, Dr. Percy Stickney Grant and Bishop William T. Manning.

## Dayton Now in Contest Over City Government

Dayton.—The plan of city manager to municipal government is one that has made rapid progress in the United States since its inception about a decade ago. In twenty-six states city manager cities may now be found: municipalities ranging in population from a few hundreds up to cities the size of Akron, O., with its 265,000 people, employ a manager at a white salary and turn over the city to him to run.

Eight years ago, when Dayton adopted the plan, it was the third city in the United States to try the new method of managing its domestic affairs, and until Akron entered the city manager class it was the largest. But now Dayton is going to decide at the polls whether it will continue as it has gone for the last eight years, return to the old style of municipal government. Two propositions in Dayton are being voted on: one to retain the Taxpayers' League and the Gas Consumers' League, and through their efforts more than eight thousand citizens were induced to petition for a special election to decide the question.

The opposing faction is rallying under the leadership of the Citizens' League. Objects to City Manager.

Dayton citizens, commissioners and the legislature of the city of Dayton, who are independent of the city manager, fixes his salary and assigns him to govern the city. The manager has complete control of five department heads: Public service, finance, public safety, law and public welfare. The municipal court and the schools, however, are independent of the city manager. There are no specific departments, appointments made from the general fund for the various activities of the city government.

In the eight years there have been three city managers; a fourth was hired August 1. The first was paid \$12,500 a year; the second, \$7,500; the third, \$12,000, and the salary of the present manager has been fixed at \$8,500. The first three were imported from outside of Dayton; the fourth is a native, having to a popular demand for a home town man at the head of the city's affairs. These changes indicate the flexibility of the system and the ease with which the manager may be changed. Opponents, however, see no virtue in this; they are looking at the financial phase of the matter: they point out that Dayton has a 46-million-dollar debt and charge to the city manager plan that it is not being paid.

On the other hand, the friends of the city manager plan dole out figures and argue with the statement that, making allowance for all credits, the city is just \$38,862 worse off than it was in 1914 at the beginning of the city manager plan of government, and no more. Which is a long way from 45 millions, and not so bad when you consider that a home town manager handles the gas question, and dissatisfaction over the city's methods in the recent street car strike. But the question is what is the overall value in giving up a good debt.

CANADA'S NEW GOVERNOR ON THE JOB

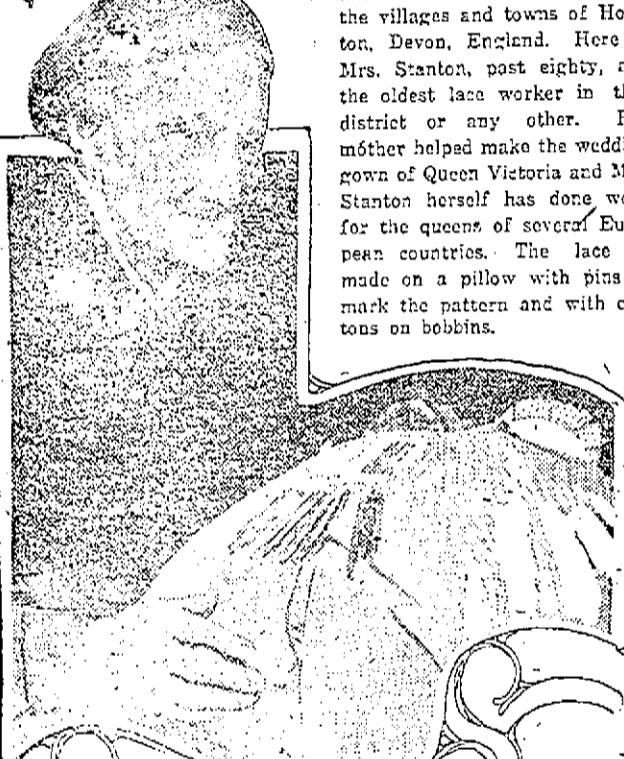

Lord Byng inspecting guard of honor at Quebec.

Lord Byng, the new governor general of Canada, famous during the war as the hero of Vimy Ridge, is on the job in the Dominion, as the photo shows. While in Quebec, where this picture was taken, a few days ago, he was given a great ovation.

OLDEST LACE WORKER'S MOTHER  
MADE VICTORIA'S WEDDING GOWN

The finest lace in the world is known as Honiton and is made in the villages and towns of Honiton, Devon, England. Here is Mrs. Stanton, past eighty, and the oldest lace worker in that district or any other. Her mother helped make the wedding gown of Queen Victoria and Mrs. Stanton herself has done work for the queens of several European countries. The lace is made on a pillow with pins to mark the pattern and with cotton on bobbins.

IF YOU CAN'T SPEND YOUR SUMMER IN  
THE MOUNTAINS, TRY THESE INSTEAD

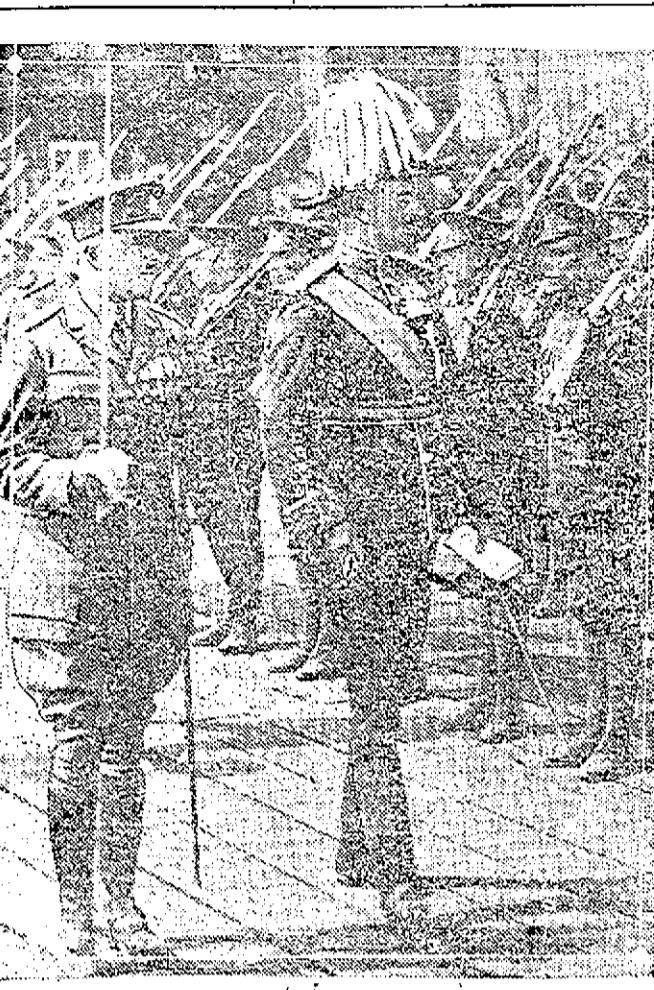

Do not pine and fret if you have not a large country estate in which to walk or if you can not spend your summer in mountain climbing. Instead invest in a pair of calf developers. Never heard of them? Well, they are England's latest indoor sport. You wear them as illustrated and then step in them. It gives the same effect as walking up a steep hill and is said to develop the calf of the leg in a very short time.

## HOLD-UP REPORTED ON EASTERN AVE.

### Rotary Asked to Aid Coming Convention

Calling upon the Rotary club to lend its cooperation in entertaining the municipal officers of the cities of the state when they come here in annual convention October 12-13-14, Roger G. Cunningham, city attorney and member of the local Kiwanis club, addressed the Janesville Rotarians Wednesday. He declared that the Rotary and Kiwanis clubs, the Chamber of Commerce and citizens generally should do all in their power to make the visit of these city officers a pleasant one. The convention will be that of the League of Wisconsin Municipalities.

In a four minute address, A. J. Harris of the Janesville Press & Tribune company explained the work of the Wisconsin manufacturers' association, a mutual organization for the exchange of ideas to standardize practices in order to better serve the consumer. Organized four years ago, it has established as its primary object the open price method, conducting business in the open without any secrecy.

Louis Levy was added to a committee which is arranging a joint picnic or meeting between the local Rotary and Kiwanis clubs at which the two contests will be held. The challenge to an interclub golf match the last part of August was received from the Buffalo Rotary club.

The objects of the Rotary club and its relation to citizenship were explained to a new member, A. J. Gibbons, by M. O. Monat. Guests were Maj. E. N. Caldwell, commander of Janesville's "M" company, in the World war now in the security business in Milwaukee; and R. J. Neckerman, past president of the Madison Rotary club.

when within a few hundred yards of the building he was confronted by two armed men, one of whom rather tall. He could furnish but little description of the pair.

Cronin says he was held up near the same spot last winter and was robbed of \$25. Since then he hasn't carried so much money with him.

MILK PRICE CUT TO  
DEALERS OF CHICAGO

Our association urges [redacted]  
Chicago.—A 53 1/2 per cent cut in the price of milk, effective on Sept. 1, was announced on Wednesday by the Milk Producers Cooperative Marketing Association. This reduction in milk sold to dealers, who have and should be given a substantial reduction will also be made in the retail price. At present, the average selling price is at \$2.70 a hundred pounds, or 45 quarts. The new price will be \$1.50. Farmers maintain that milk should as a result be retailed at 10 cents a quart.

## COMPLETE FINANCIAL SERVICE

AS OFFERED BY THE ROCK COUNTY BANKS

### COMMERCIAL ACCOUNTS

Every facility of conservative, safe banking is offered to the retailer, farmer, manufacturer, wholesaler and every other business and professional man. The policies of the Rock County National are unaltered by a half century of changing business conditions, during which time the management has been practically unchanged.

### SAVINGS ACCOUNTS

Thousands, in and around Janesville, have taken advantage of the facilities of the Rock County Savings & Trust Co., for their savings accounts, and by regular deposits, seeing them grow into funds that mean much in an emergency. We have helped many save for a home and for different investments, and their savings are protected by state laws requiring double security behind Trust Company deposits.

### TRUST ACCOUNTS

Authority from the state permits the Rock County Savings & Trust Co. to act as Executor or Trustee under a Will, Administrator of an Estate, Guardian, Agent, or Trustee under a Deed of Trust, and in many other legal capacities. Fees for most of these services are regulated by law, so that the superior efficiency, skill and experience of the company, and its permanence, mean no extra cost.

### INVESTMENT DEPARTMENT

Personal, confidential information and counsel, free, of course, is given on all investment matters. Bring your investment questions to this department. A variety of safe bonds, in \$100, \$500 and \$1,000 denominations, yielding 5 1/2 to 8%, is carried on hand, and we are always glad to serve you.

You Are Invited To Make The Fullest Use of These Complete Facilities

CHAPTER V.  
"I won't go to Europe," I announced.  
"But no one will make you."  
"Yes, they will. Dear Doctor Engel, won't you tell my family I must stay here all summer so you can keep on looking after me? I want to say a little white lie I saw today."

Dr. Engel laughed and assured me he would do everything possible to keep me out of Europe, I replied, "I'll write the letter."

"Your aunt has just written, details of your illness?" the letter went on. It was dated two weeks previous. "She said she would not write me unless you were in actual danger so as not to alarm me, but would write and write. She waited for that, you will you were out of the danger, so you see, my dear, that I have done nothing in all this illness. I only sympathize with you, I am sorry I was not there. Though I suppose your aunt was competent enough and I would have been a burden at the time."

"As a matter of fact, her letter did not come to me for many weeks. I ran down to Nice for a time, and then to Rome and over to Alexandria. The latter was a business trip, in connection with some excavation work done at the museum at home, I am making in Northern Egypt. The letter reached me when I landed at Naples. As you see, I am now back in Paris."

Her father skipped lightly over the fate of the glove. He was always going somewhere. He possessed an apartment in Paris, but he rarely left it. He was a great danger to the time and a confirmed gambler. He had to pay every day and expensive apartment in Florence, and he belonged to a club in Rome where a room was always reserved for him. When he was in Monte Carlo or Nice, where he spent most of each year, he put up at one of the hotels, always ordering the same suite of rooms to be ready for him. It was only when he was in New York, where he had been born and brought up, that he was himself.

She wandered from hotel to hotel, stubbornly refusing my aunt's offer of hospitality.

I liked my father very much. I can say that I even regarded him as a parent, he never seemed to have any relation to me towards me—he was my only amusing older friend who spent money on me, but insisted on taking me to the theater.

I went back to my letter. "I think you had better come over and join me here. You did not like it here before, but you were a little prig then—a quality you certainly never inherited from me. Your aunt is most disappointed because you could not have a real season at home. But I think this can wait until next winter, though you will be—"

## BEAUTY CHATS by Edna Kent Forbes

## A SUMMER LOTION

One of the most frequent complaints at this time is of excessive perspiration under the arms. Women, and for that matter, men too, frequently write to me and ask what can be done to stop this. Very often they do not know what action can be done or should be done to stop perspiration which is vitally necessary to the proper functioning of the body.

Men will be more comfortable with soft collars instead of stiffly starched ones, and in very thin unlined suits during the hot weather. Women will be more comfortable and will perspire much less, if they wear washable, absorbent underwear. When wear cottons on a scorching hot day, and why wear ribbed underwear that clings when underwear of muslin, or similar woven material, will allow the skin to ventilate?

The part that perspires most freely is the armpit. Loose sleeves and short sleeves, with minimum cuffs, the white cotton, or a simple frill of lace, will be good. Use a deodorant, will also help a great deal. Use this formula, which will prevent excessive perspiration without destroying the normal functions of the body, and which will destroy all unpleasant odor:

Epsom salts ..... 3 ounces  
Wheat bran ..... 1 pint  
Water ..... 4 pints.

## Heart and Home Problems

By ELIZABETH THOMPSON.

Letters May Be Addressed to Mrs. Thompson in Care of the Gazette.

Dear Mrs. Thompson: I am a girl of 16 and have a lot of friends of 12 who have the habit of calling me up at night to tell me all about their boyfriends. On Sunday he called up about 8 o'clock. I had gone to a show with my girl friend. My father told him where I was. Then he did not call up for two weeks and he said I was out with another fellow, which was not true.

He has my comb and several pictures, which I asked him for, but he refused to give them back. I have only been with one fellow since I was last with him. I asked him to come down to see me, which he said he would do. He was to come on Sunday, but on Saturday morning I called him up and asked him to come Saturday evening as I wanted to come home and get dressed instead of Sunday. He came and asked just as he

# Adams School Wins Field Meet-Bowlers Elect Officers

JEFFS SECOND BY DECIMAL MARGIN; 350 COMPETITORS

TABLE OF POINTS

Adams	110 1-3
Jefferson	109 1-6
Webster	108 1-6
Washington	107 32

Capturing 37 places in the playground field meet at the community picnic at Crystal Springs Wednesday, the Adams school walked off with first place and annexed the cup with a total of 110 1-3 points. Athletes carrying the colors of the Adams dashed their way to 13 first, 12 second, seven thirds and two fourths.

Second place went to Jefferson by the narrow margin of one-third of a point over the Webster school.

Three hundred and fifty school boys and girls took part in the event, the largest ever staged here. One hundred and sixteen prizes were distributed.

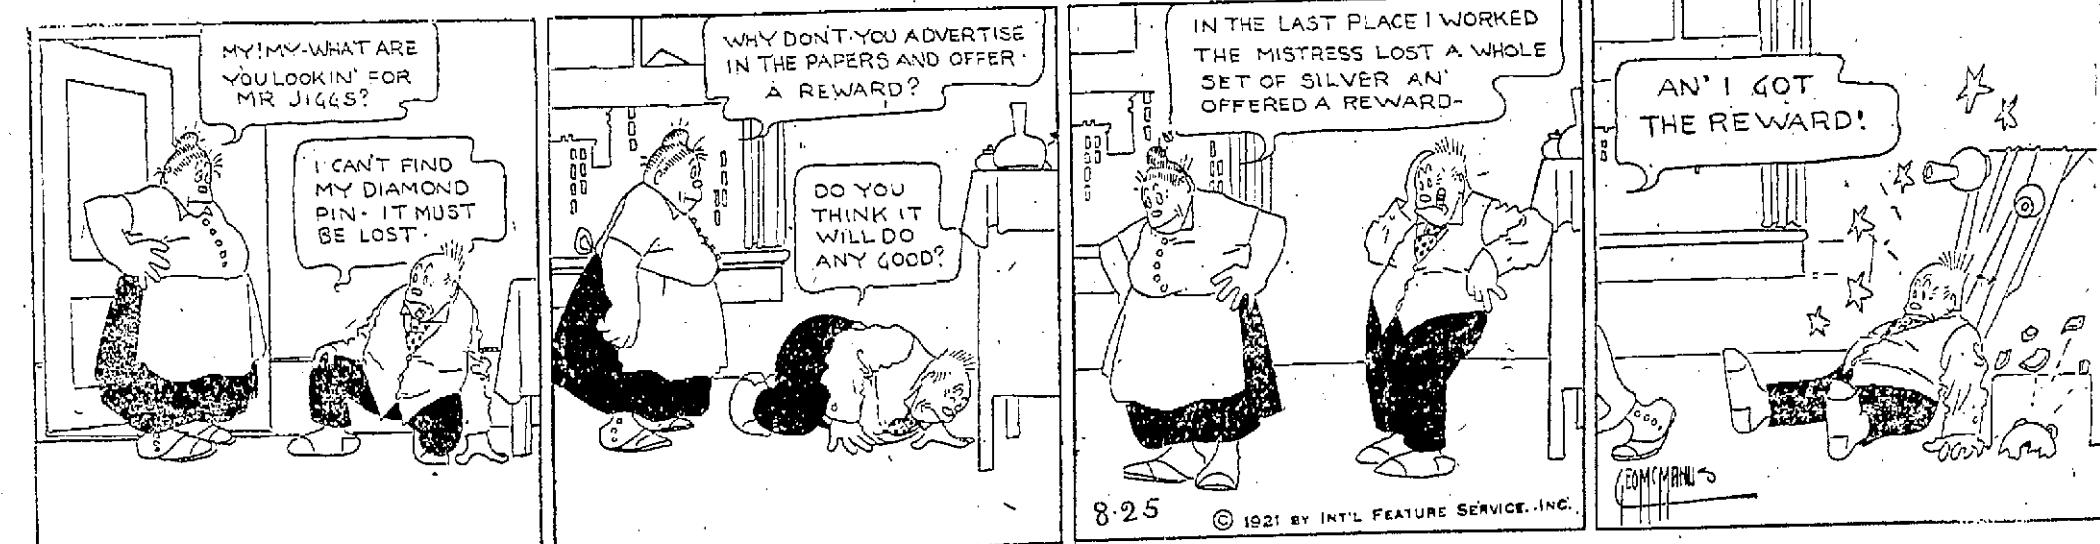

Cup to High Scorer

A cup will be given to the individual scoring the highest number of points. To the girl who came in second a fountain pen will be given and to the second boy a pencil. These items to the "American Boy." These winners have not yet been decided.

A large number of parents witnessed the events. A veritable motocade carried the youngsters to the picnic grounds. Four trucks of the Hummer line, Strain's big bus and 20 pleasure cars were used.

The most exciting event of the day was the "chicken race" in which the task was to catch a live chicken amid the yells of the boys and screams of the girls. Anderson of Adams won the prize.

Postpone Y.M.C.A. Half Mile Swim

Owing to the fact that a number of the Y. M. C. A. swimmers will be working, while some are at the H. Y. conference and other places, the "half mile swim, originally set for Saturday afternoon, has been postponed until next week. This announcement was made by A. B. Bergman, athletic director at the local Y. W. M. C. A.

"I have taken the matter up with the boys who are in town," said Mr. Bergman, "and I find that there will not be a sufficient number here to make the swim a success. I want to get at least 15 competitors and so I believe it best to put the date over a few days."

It is possible that the event will be run off next Wednesday. Medals will be awarded the winners.

New York—Jack Dempsey, world's heavyweight champion, and Bill Brennan, veteran Chicago heavyweight, seem destined for a third battle. Negotiations are now under way.

Results Playground Races

DIVISION 1. (Boys' Races)

50-yd. dash (Class 1)—First, R. Person; Jefferson; second, Ambrose; Webster; third, C. C. Creek; Adams; second, S. Person; Jefferson; third, Smith; Adams.

100-yd. dash (Class 2)—First, Austin; Washington; second, Cullen; Webster; third, C. C. Creek; Adams.

200-yd. dash (Class 4)—First, Webster; second, K. Bolton; Adams; third, Holl; Adams.

Hopping race (Class 2)—First, Ambrose; Jefferson; second, Ambrose; third, Clifford; Jefferson.

Relay race (Class 3)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 4)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 5)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 6)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 7)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 8)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 9)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 10)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 11)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 12)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 13)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 14)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 15)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 16)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 17)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 18)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 19)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 20)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 21)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 22)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 23)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 24)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 25)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 26)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 27)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 28)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 29)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 30)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 31)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 32)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 33)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 34)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 35)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 36)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 37)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 38)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 39)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 40)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 41)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 42)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 43)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 44)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 45)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 46)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 47)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 48)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 49)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 50)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 51)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 52)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 53)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 54)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 55)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 58)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 59)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 60)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 61)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 62)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 63)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 64)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 65)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 66)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 67)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 68)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 69)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 70)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 71)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 72)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 73)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 74)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 75)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 76)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 77)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 78)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 79)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 80)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 81)—First, S. Person; Jefferson; second, Ambrose; third, C. C. Creek; Miller; Webster; and Cunningham; Jefferson.

Relay race (Class 82)—First, S. Person; Jefferson; second

# ANTI-PACT GROUP IN CLEAR VICTORY

New Peace Treaty Is Cleverly Worded; Germany Concedes Points.

By DAVID LAWRENCE.

Washington.—The "irreconcilable" group in the United States, original foes of the Versailles treaty, have won a complete victory. Special announcements from the White House that a separate peace with Germany had been negotiated and conferences between President Harding and republican members of the Senate foreign relations committee yielded the information that at least a substitute for the peace treaty negotiated by President Wilson had been agreed upon between Germany and the United States.

The new treaty is brief and ingeniously worded. Germany conceded practically every point. She gave the United States all the rights which were given to other countries under the Versailles treaty. In effect the new treaty does the following things:

1. It establishes peace between the United States and Germany as soon as the pact is ratified by the United States senate and the German Reichstag.

2. It grants to the United States all the rights which were given other powers under the Versailles treaty.

3. It makes possible the negotiation in the future of new commercial treaties.

4. It contemplates the resumption of diplomatic relations as soon as the ratifications are exchanged.

5. It makes possible the issuance of a peace reconciliation terminating all war legislation in which the phrases "duration of war" or "until after peace shall have been proclaimed" were used. These laws have been a source of much discussion and legal dispute.

The "irreconcilables" are happy for they have brought to their ranks not only a majority of the members of the executive branch of the government including men like Secretary Hughes who originally favored the Versailles treaty with reservations. Senator Lodge, who drew up a set of reservations to the Versailles treaty has agreed to the abandonment of that document and is in favor of the new peace treaty.

**Knox Is Pleased.**

Senator Knox, who wrote the peace resolution of congress, is pleased because the new treaty does almost exactly the purpose of that resolution. "Irreconcilables" set out to defeat the League of Nations, to see to it that the United States assumed no political obligations in any treaty to make a separate peace with Germany and to see that America's economic rights growing out of the European war were safeguarded.

All these points in the program of the "irreconcilables" were not absolutely won by them. The new treaty, while the League of Nations is not involved, the United States is not involved in any assumption of political obligations or responsibilities in European affairs. It confirms the congressional resolution declaring that it safeguards America's economic rights in all the territories either through mandates or cessions to the victorious powers in the European war, affords the basis for claims of equal commercial opportunity in oil regions and in other areas where valuable resources may be found.

**Senate Will Ratify.**

The new treaty will go through the senate without much opposition. The democrats have a majority of only slightly more than a third of the senate and there are at least a half dozen republicans who will vote with the republicans to make the necessary two-thirds.

The question is being asked how it is that the United States can obtain rights under the Versailles treaty which it doesn't consider valid because it failed of ratification. The truth is the United States has just made what amounts to a "farewell" or "no" treaty. It has been necessary for governments in making treaties with each other to obtain all the rights or special privileges in commerce which were being granted to other powers. Thus Germany gave the allies certain economic rights.

**Sweeping Rights.**

She gave America the same rights by a similar assertion that the same privileges as were granted to other countries in the Versailles pact now are granted to the American government. The Versailles treaty is recognized as in existence between Germany and the European powers just as it would be if it had never been offered to America for signature. It is the same as the Versailles pact which was repudiated by Germany by the department of state either under the Wilson or Harding administrations.

Much use was made of that fact during the negotiations because at any time the American government could have submitted the Versailles pact with reservations sufficient to obtain the thing. So Germany obliged America by following the Harding-Knox formula. Secretary Hughes as distinguished jurist has decided that America's legal rights are fully safeguarded.

The issue now is before the senate which will ratify or reject the pact after the recess next month. The treaty will, however, be ratified.

**PRICE OF OBREGON VICTIM OF SLAYER.**

By ASSOCIATED PRESS.

Mexico City.—Gen. Blumthorn, a close friend of President Obregon, has been assassinated at Aurora, in the state of Chiapas. Gen. Blumthorn was active in the revolution that overthrew President Carranza.

**\$20,000 Drugs Seized.**

On Board U. S. Vessel

New York.—Drugs and jewelry valued at \$20,000 were seized by the Shipping Board SS. For a fortnight by customs inspection. They arrested Robert, a police officer of Newark, N. J., and engineer. Among the confiscated property were rare laces, cocaine lace wraps, table covers, scarfs, dolls and three spoons which bore evidence of having been owned by the royal family of Russia.

**Former Banker Found Guilty of Threats.**

Superior—Thomas Tolleson, a former banker of Superior and Burnett county official, was found guilty of sending threatening letters through the mails by a jury in federal court Tuesday night. It was charged that Tolleson sent such letters to W. Nicholson and placed a bomb on the porch of Nicholson's home in Duluth. The jury recommended sentence. Sentence will be passed late Wednesday.

## Dayton Now in Contest Over City Government

Dayton.—The plan of city manager government is one that has made rapid progress in the United States since its inception about a decade ago. In twenty-six states city manager cities may now be found; municipalities ranging in population from a few hundreds up to cities the size of Akron, O., with its 265,000 people, employ a manager at a worth-while salary and turn over the city to him to run.

Eight years ago when Dayton adopted the plan it was the third city in the United States to try the new method of managing its domestic affairs, and until Akron entered the city manager class it was the largest. But now Dayton is going to decide at the polls whether it will continue as it has gone for the last eight years or return to the old form of municipal government. Two organizations in Dayton are back of the demand for a return to the old form, the Taxpayers Protective League and the Gas Consumers' League and through their efforts more than eight thousand citizens were induced to petition for a special election to decide the question. The opposition is the Citizens' League under the leadership of the Citizens' League's City Dept.

Dayton elects five commissioners at large regardless of party affiliation and this commission hires a city manager, fixes his salary and assigns him to govern the city. The manager has complete control of five department heads: Public service, health, safety, law and public welfare. The individual control of the schools, however, are independent of the city manager. There are no specific department appropriations, the disbursements being made from one general fund for the various activities of the city government.

In the eight years there have been three city managers. The first was hired August 1, 1913. The first was paid \$1,000 a year, the second, \$7,500; the third, \$10,000; and the salary of the present manager has been fixed at \$8,500. The first three were imported from outside Dayton, the fourth is a local man, owing to a popular demand for a home town man at the head of the city's affairs.

Changes indicate the popularity of the manager may be changed. On paper, however, see no virtue in this; they are looking at the financial phase of the matter; they point out that Dayton has a \$45-million-dollar debt and charges it to the city manager plan. Therefore, they say, the plan is a failure and they want to go back to the "old style" government. The three grievances advanced are: increase in taxes and bad administration with the result that the city has had to pay more. Which is a long way from the recent street car strike. But the chief is what is termed the extravagance in piling up so great a debt.

On the other hand the friends of the city manager plan do not figure and emerge with the statement that making allowances for credits, the city is just \$8,000 worse off than it was in 1913, the beginning of the city manager plan of government, and charge that the city manager plan is a failure and they want to go back to the "old style" government. # 10 FINISH COURSE AT STATE SCHOOL

S Get Certificates in Summer Work at School for Blind.

Fifty adult blind men coming from 3 cities in Wisconsin and one from distant, on Tuesday completed an eight week course at the summer school conducted by the Wisconsin State School for the Blind here. Twenty-eight of those who attended were given certificates indicating proficiency in some work through which they may be self-supporting. Those are paper action, work, weaving, basketry, caning and hammock making.

The school was very successful. Those in the class who were granted certificates were:

Player action—Rudolph Buckert, Milwaukee; Edward Easke, Milwaukee; Eliza A. Plum, West, Mo.; George A. Lewis, Stevens Point; Oscar Bruckey, Amery; Charles Bauman, Culon Grove; Fred C. Hill, Chivitz; Chester Hill, Cadott; John Kortkust, Amherst Jet; Joseph Grebner, Barnevold; Donald McElroy, Janesville, and Harold Dentz, Cumberland.

Weaving department—William Comford, Edward Algie Vine, Greenwood; Leo A. Brinkman, Appleton; Millard Edes, Menomonie; William Hagen, Sawyer; and John Sum, Rhinelander.

Basketry—Geido Bernhardt, Loomis; Millard Edes, Menomonie; Theodore Drosen, Madison; and Russell Watson, St. Croix Falls.

Caning—Algie Vine, Greenwood; and Henry Burkhart, New Rom.

Handicraft—Henry Burkhart, New Rom.; William Comford and Leo A. Brinkman, Appleton.

Others who attended the school were: Charles J. Kable, Platteville; Daniel Kraus, Rib Lake; Leo Lange, Milwaukee; Ernest Meissner, Janesville; Rollin A. Marsh, Beaver Dam; Joseph Magat, New London; Carl Nelson, La Crosse; Joseph Pugh, Muscoda; Joseph Rudolph, Whitefish Bay; William Fauch, Beaver Dam; Arthur L. Spooner, Webster, Tampa; Edward John T. Madison, Joseph G. Gruenauer, William Wolfe, Milwaukee; Henry Zwicker, Herman Ahrens, Brillton; Herman Abel, Milwaukee; Joseph Block, Milwaukee; Roy O. Brown, Merrill; James J. Campbell, Stoughton; Matt Colby, Stevens Point; William Chlowski, La Crosse; Seward, Earthquake, Bloomington; Joseph Gogola, Janesville; Rolland Hall, Delavan, and Dewey Huencield, Milwaukee.

The teaching staff of the school, which has been here for 11 months, will take a vacation now and the building will be put in shape for the opening of the regular term of the school Sept. 21. The main building of the group will be given a coat of paint the next month. It was planned to move the greenhouse and enlarge it, an appropriation of \$3,400 being made for the work this year, but as it is now late in the season, Sup't. T. Hooper has decided to postpone it until next year, when it will be done early enough in the summer to make it ready for use in the fall.

## MANY EXPECTED AT CEREMONY FRIDAY AT LAKE KOSHKONONG

Members of the Wisconsin Archaeological society from all over the state are expected to gather at Hoard's hotel, Lake Koshkonong, at 3 p.m. Friday for the unveiling of an artistic bronze tablet which bears the gift of A. R. Hoard, Port Atkinson. Mrs. A. J. Klein, daughter of Thure Kulin, noted Wisconsin naturalist will conduct the services.

H. L. Skarlem, Janesville, will give the main address. He is known throughout Wisconsin as a foremost authority on history connected with that section of Lake Koshkonong where he has spent many past summers gathering relics and has delved deep into its history.

Mrs. Helen Hoard will unveil the tablet. Charles E. Brown, Madison will speak on "The Bird Mounds of Wisconsin. The mound is to be marked by the Wisconsin society.

## MUSICIAN IS FINED FOR FAST DRIVING

Traveling 40 miles an hour on Center avenue about 10 p.m. Wednesday, with his cut-cut wide open, cost Sid Massie, of "The Pines" orchestra, \$12.40 in municipal court, Thursday morning. He was arrested by Motorcycle Patrolman Charles Scidmore. Edward Schroeder paid \$3.40 for violating the parking ordinance.

All but one of two parking zones which have been placed by the police department and the city limits signs are now up. Marking of the hydrants as non-parking zones was completed Thursday.

## WILLIAMS-WASHBURN TRIM JOHNSTON-DAVIS

Boston—America's probable Davis cup doubles combination, Williams and Washburn, advanced to the final round of the national doubles championship tournament at the Longwood Cricket club, Thursday. After losing the first set to William Johnston and Willis Davis, they took the next three and the match. Score: 6-8; 6-3; 8-6; 6-1.

## BANK PRESIDENT GETS SIX MONTHS

Superior—A sentence of six months in the Milwaukee house of correction and a fine of \$1,000 was given to Thomas Tolleson, president of the Cloverland, Wis., bar, and formerly of Superior, by Judge Luse in federal court, Wednesday night. Tolleson was found guilty of sending threatening letters through the mail.

## REFUSES TO O. K. REQUISITION PLEA

Madison—The attorney general Thursday refused to approve application for the requisition on the governor of a national guard detachment of Superior, Thomas Tolleson, in federal court, Wednesday night. Tolleson was found guilty of sending threatening letters through the mail.

## Seek Arms Delegate

Left to right, above: Mrs. Norman de Whitehouse and Mrs. Maud Wood Park. Below: Mrs. Pattie Ruffner Jacobs, Mrs. James Lees Laidlow and Mrs. George Gilhara.

More and more of the many leaders of women throughout the country who believe a woman should be appointed by President Harding as an American delegate to the international conference on disarmament to be held in Washington, Nov. 12. Mrs. Maud Wood Park is president of the League of Women Voters; Mrs. Laidlow is second vice-chairman of the Women's Nonpartisan League council; Mrs. Gilhara and Mrs. Jacobs are officers of the League of Women Voters; Mrs. de Whitehouse is a prominent suffragist.

The teaching staff of the school, which has been here for 11 months, will take a vacation now and the building will be put in shape for the opening of the regular term of the school Sept. 21. The main building of the group will be given a coat of paint the next month. It was planned to move the greenhouse and enlarge it, an appropriation of \$3,400 being made for the work this year, but as it is now late in the season, Sup't. T. Hooper has decided to postpone it until next year, when it will be done early enough in the summer to make it ready for use in the fall.

Local Dealers Expect 20 Cent Increase in Soft, 10 on Anthracite.

Increase in the price of soft coal of 20 cents a ton and 10 cents a ton on hard is predicted by local dealers to take effect Sept. 1. This will make the price of Franklin county bituminous \$18.10 a ton and range and nut anthracite \$18.65, it is said. Present prices are:

Franklin county ..... \$18.00

Range and nut ..... 18.55

10 ..... 18.30

10 ..... 17.55

According to one dealer here, coal companies in Janesville are stocked as far as they can go to day. He declared that this situation will result in another shortage this winter unless domestic consumers commence using more.

At the first cold snap, people will rush to buy coal," he declared. "They will want it at once and we will be sold out in two weeks. Then we will have to wait our turn to get more coal from the mines. It will be harder to get then, one reason being that it will be more difficult to get cars because they will be hauling the harvests."

People Expect Drop

There are two reasons why people are not buying, he explained. One is that they have not the cash; the other is that they are expecting a drop in price.

"There will not be a drop," he pointed out by telling of the indicated increases. "The reason for the increase on soft coal is that there is 30 to 40 per cent of soft coal screened and taken by the anthracite industry as it is, this is piling up at the mines. The 20 cent increase is to pay for this. More than half the cost of coal here is eaten up in freight. We pay more for freight than for the coal at the mine. There is no chance of getting a lower freight first, because no one has started a movement for that. Next, the coal will be sold at a second if they do. It will take at least six months to get a lower ruling through the rate case of the Interstate Commerce Commission."

As to labor, the mines are sowed up on that. From 60 to 70 per cent of the cost of mining coal is taken by labor. The unions were wise and when business was good, they made arrangements with the miners for increased wages and better working conditions, but these agreements do not expire until April 1, 1922.

The dock people after the dealer, but the real coal man has stuck up as much as he can in his bins, he said.

At another local dealers' office, it was stated that while nothing definite has been received in regard to an increase in the cost of soft coal, some are predicting that a 20 cent increase will come with September.

There has been no change in the price of bituminous since May, it was said.

Hard coal has increased 10 cents each month.

Public Isn't Buying

At this office, it was said as the belief that all Janesville coal dealers have stocked up as much as conditions will permit.

"We have an early cold fall, things may take care of themselves as people believe," it was said, "but if we have a long warm fall, we will have a repetition of last year and a shortage with the sudden coming of cold weather. People are not buying thinking that winter will take care of itself and because they have not the money."

Action Expected in Prosecuting Case

Action by the state in prosecuting the case against Thomas Reed and Edward Murphy, the former charged with an attack on a girl employee of the state school, 10th and 12th, is expected within the next few days. The trial against the two is pending in municipal court here. Dist. Atty. S. G. Dunwiddie promises the case will be disposed of if at all possible.

NOTICE

The Big August Blanket Sale is in full swing. Be sure and attend. Second floor.

## CONGRESS LEAVES ON 30-DAY RECESS

Anti-Beer Bill Is Put Aside; Harding Signs Meas. Urbs.

## OBITUARY

Mrs. Mary Keeter.

Mrs. Mary Keeter, 77, died at her home, 647 North Hickory street, at 9:40 p.m. Wednesday after a long illness. Her additinal daughter was born in Grafton, March 24, 1894, and was married to Herman Keeter, November 25, 1891, in Troy, N. Y. Mr. Keeter died Dec. 1, 1920. Three children were born to this union, all of whom were at the bedside at their mother's death. George H. Keeter and Miss Edith Keeter are all of this city.

The funeral will be held at the home of her son, George Keeter, 212 S. Main street, at 2:30 p.m. Friday, with Rev. J. A. Melrose officiating. Interment will be in Oak Hill cemetery.

In the senate, interest was centered in the anti-beer bill which was prolonged a week by Sen. John G. McCormick, Missouri, and Stanley G. Gandy, Kentucky, who believed it was not necessary to hold a special session to take three day recesses until Oct. 3.

Although many had left early, both houses were well filled until adjournment was taken.

## TAXES AND WAR

By FREDERIC J. HASKIN

Washington, D. C.—Must international war  
cease because the common man will no longer put  
up the money necessary to carry it on? That is the real question which the Washington  
conference on disarmament and international  
finance will consider. There is some hope of results from this conference because it approaches  
the question of war from a new angle.

There have been efforts to abolish war since  
before Christ, and all of them have failed completely. Rulers and men of wealth have always  
wanted wars in order to increase their power and  
wealth. Often most of the people want war too.  
A war may be a great national calamity, but it is  
also a great national emotional debauch and  
shake-up. Our participation in the World War  
was just that. Many were killed and maimed,  
but many others had a good time, or made money,  
or saw the world, or gained a new point of view.  
It is useless to pretend that wars are desired only  
by the men in power who make them. The ex-  
citement and change which they afford is often  
desired by the common man as well, even though  
he bears all the cost and takes all the risk.

But the cost and the risk are always becoming  
greater, and the excitement less. Our participation  
in the war was slight. We did not feel the  
full weight of it. The Europeans did. Burdened  
with taxes, most of their young men dead, the  
European peoples set themselves headed straight  
for more war. They know that they cannot pay  
the cost of more war either in life or in money.

That is the meaning of the disarmament conference.  
The political powers of the world have  
called it because they know there is a demand for  
it. They know that the common man, who does  
the fighting and pays the bills, is in a striking  
mood. The control of war has always been in his  
hands, and never could be in anyone else's. Any  
time that he refuses to fight there cannot be a  
war. And he just now has a belligerent of both  
fighting and paying. Therefore the political and  
diplomatic gentlemen will meet here to decide  
among themselves just how much they must con-  
cede to this new mood of the common man.

Committee members, more than  
one large park where the whole people may  
recreate at will.

Camp for nudists coming to Janesville  
on August 24th.

Establish a permanent memorial for the soldiers  
of the World War, suitable and adequate  
and preserve the relics and souvenirs of  
that and all other American wars in a public  
museum.

Finish the paving of Janesville streets and  
complete the sewer system.

Make all main highways into city of concrete  
to connect with good pavements in Janes-  
ville.

Keep the city looking bright and clean with  
pavement and the streets free from litter.

Either build a new hotel or enlarge the  
facilities of the present hotels as to take  
care of the traveling public and be able to  
handle conventions.

Push the high school at an early date and  
give the children proper educational facili-  
ties.

THE TRAGEDY OF THE ZR-2.

On Sunday, it was reported in a cabled dispatch  
from London by the Associated Press quoting  
the London Observer, that during the first trials  
of the ZR-2 it developed that the monster diri-  
gible showed a tendency to "hump" and inspection  
had revealed certain girders had buckled.

Also it was disclosed that the lattice work  
of steel in the framework had buckled. While it  
was remedied somewhat by adding more frame  
work it also increased the weight of the balloon  
and reduced the load capacity. These things were  
known when the American crew in part went up  
on Tuesday to make the final tests of the dirigible  
before accepting the balloon and starting on the  
long trip for home.

The immediate cause of the tragedy of Wed-  
nesday evening has not been revealed at this time.  
But whatever it may have been that sent the  
balloon and its living freight to earth, following  
an explosion, will probably end experiments for a  
long time to come in Transatlantic attempts with  
a dirigible.

During the World war Great Britain was ter-  
rorized constantly by thought of what the German  
Zeppi might do but the destruction of bombing  
expeditions was small compared with possibilities,  
and the terror was more mental than real. Giant  
balloons were destroyed time after time. Close  
to where the ZR-2 was built there lies the twisted  
bones of another great dirigible, the R-34. To the  
novice, the purchase of the ZR-2 at a price of close  
to \$2,000,000 and the necessity of constructing  
the hangar for its reception in this country at a  
cost of \$5,000,000, seems like a fearful waste of  
public money.

The wreck of the blimp is another fee paid to  
war. The loss of life should be added to the  
casualty list just the same as though we were  
in conflict with some other nation.

That House committee seems to think the name  
is And Sall.

OPPORTUNITY IS HERE.

Ironwood, Mich., has voted bonds of \$500,000  
for public works to keep unemployed busy. Bar-  
cine has plans for a building fund of \$200,000  
to keep men at work and to help build homes for  
persons affected by the building shortage. Janes-  
ville can find a way now to keep all of her un-  
employed busy by doing what is necessary on the  
new park.

Here is opportunity right at hand for the city.

The rent gouger is still taking much of the  
profit.

THE SNEERING WHISKEY-AND-SODA  
ENGLISHMAN.

He comes over here and whether he be a  
Northcliffe or some broken down back of an  
actor seeking fortune, the visiting Englishman  
has recently made himself extremely obnoxious  
by criticizing America and our prohibition laws.

He misses his whiskey and soda and wants it  
freely and quickly. Of course, if he is of so much  
importance as Northcliffe, a friend with a cellar,  
or an accommodating bootlegger with whom the  
rich and prominent citizen has business associa-  
tions, will provide the craved stimulant. Certainly  
the Englishman knows before he comes to

America that prohibition is a part of the  
constitutional law. He would resent American  
criticism of their ponderous king topped up in robes  
following a parade that looked like a convention  
of a secret society in America, with the dousing  
of hats and all the supernumerary nonsense sur-  
rounding royalty.

We certainly resent his criticism of American  
laws. We resent it all the more when we think  
of the unpaid interest on the borrowed money  
from the United States and learn that we handed  
over \$32,000,000 in cash to square up for trans-  
porting our troops during the war, instead of giv-  
ing J. Bill a credit memo and offsetting the ac-  
count. We resent it too, because from a stand-  
point of morals and efficiency, Great Britain's  
greatest barrier is its liquor expense. According  
to a report submitted to parliament a short time  
ago, it cost England \$2,000,000 for booze in  
1920. If that were applied to the debt to the  
United States it would be paid off in five years.

There were 65.26 per cent more arrests for  
drunkenness in Britain in 1920 than in 1919. In  
the United States the decrease is more than 60  
per cent in the same period. It will only be a  
matter of time when England, Scotland and  
Wales will have to confront the question of pro-  
hibition as one of pure economics and will find  
it necessary to adopt it in order to save the pa-

## JUST FOLKS

By EDGAR A. GUEST

BIRTHDAYS.

I hope we'll never grow so cold that we shall  
pass their birthdays by. So few the festivals of home, so swiftly from us  
do they fly. That when there comes a glad event when we  
may celebrate a bit, and fill the home with merriment, we want to  
make the most of it.

Sometimes I think the birthdays are the most  
important days we know. They are the milestones of our lives erected in  
the long ago. On such a day as Grandma's, born on such a  
date come smiling Jane, and oh, we pray they'll both be here when those  
glad days come back again.

The birthdays mean a lot to us, not one of them  
we'd ever slight.

We want the decorated cake with every candle  
gleaming brightly. Do we not have a glad event that one we love has  
grown old? With gifts and kisses all around we want to  
make our gladness known.

I hope we'll never grow so cold that we shall  
pass their birthdays by. There are so many common days that come and  
go and leave a slight.

That would be a happy day when we  
make the most of it.

ON THE SPUR OF THE  
MOMENT

By ROY K. MOULTON

OH, GIRLS!

Does your fiance—no matter how he loves  
you—mention something that sounds like some-  
thing you wouldn't repeat when you keep him  
on the porch chatting till after the last car has  
left for town?

Does he always have an excuse for not mak-  
ing a date with you Saturday nights?

Does he carry in his left hand coat pocket the  
soiled handkerchief changed for a clean one just  
before he left home?

Does he always have some good excuse on top  
why he isn't meeting you at the watch just before  
the first of each month?

Does he say, "Oh—er—absolutely" when you  
ask him if you're the first girl he ever loved?

If he does, girls, depend upon it, he's no lady.

Corresponded from last week, it should have been  
Mrs. Myra Brewer instead of Mrs. Briggs that was  
keeping house for Mr. Canning.—Browning-  
(Vt.) "News."

## Who's Who Today

WILLIAM J. BURNS.

William J. Burns, internationally famous detective  
who has been appointed by Attorney General  
Daugherty to be director of the Bureau of  
Investigation of the Department of Justice, is  
six years younger than his predecessor in office.  
Chief William J. Flynn.

Burns was born in Baltimore, Oct. 19, 1891.  
He began his detective career when his father became  
postmaster of Columbus, Ohio. He entered the  
United States secret service in 1883.

Mr. Burns resigned in 1903 to take charge of the  
investigation of the Oregon, Washington and California  
land fraud cases for the Secretary of the  
Interior. His success caused his employment in other big investigations,  
and in 1906 he organized the detective agency  
which bears his name and took over the protection of  
12,000 members of the American Protective  
Association.

Mr. Burns resigned in 1913 to take charge of the  
investigation of the Oregon, Washington and California  
land fraud cases for the Secretary of the  
Interior. His success caused his employment in other big investigations,  
and in 1906 he organized the detective agency  
which bears his name and took over the protection of  
12,000 members of the American Protective  
Association.

The career of Detective Burns has been marked  
with many brilliant achievements. The most  
spectacular case in which his work was brought  
to the attention of the public was that of the  
McNamara brothers, who conspired to dynamite  
the Los Angeles Times building. He was  
severely criticised at the time by persons who  
believed the McNamara's to be innocent. They  
alleged his methods were "highly dangerous." His  
work in the arrest of Leo Frank, who was  
lynched by a Georgia mob which believed him  
responsible for the murder of a girl, nearly resulted  
in Mr. Burns' being lynched on one occasion.  
He was surrounded by a prejudiced crowd, as-  
saulted and threatened and narrowly escaped  
worse violence.

It is the belief of the statement behind the  
move for limiting world armaments that the  
greatest security against future wars lies in holding  
down professional armies and navies to the  
point where no sudden and tremendous offensive  
can be launched in the future, such as Germany  
launched into Belgium in 1914. The time re-  
quired for preparations for war after a break  
between nations will be counted upon to large  
extent to allow the injured feelings of both to be  
smoothed down.

Champlain as a Link to the Sea.

The project to develop a deep waterway along  
the St. Lawrence River with the necessary canals  
and wharves on Canadian territory to pass the  
transoceanic traffic without passing through the  
United States is being considered by the  
United States.

Canada is being asked to cooperate. The St. Lawrence  
waterway is favored by the various States  
bordering on the Great Lakes that want a ship  
route to the sea, and the Mississippi River States  
are understood to have agreed to support the  
project.

This whole matter has already been thoroughly  
discussed in these columns but there is one  
feature of the situation which we would like to  
consider in this connection. We make this  
proposition:

If the United States through Congress is to co-  
operate with Canada in developing a ship route  
on Canadian territory, then Canada should  
rely upon agreeing to cooperate with the United  
States in the event of a war between the  
United States and Canada.

# "The Love Pendulum"

By MARION RUBINCAM

CHAPTER V.  
"I won't go to Europe," I announced.  
"But no one will make you."  
"Yes, they will. Dear Doctor Engel, won't you tell my family I must stay here all summer so you can keep on looking after me? I want to buy a little white house," I said today to Dr. Engel, and I had assured me he would do everything possible to keep me away from Europe. I retorted to the letter.

"Your aunt has just written details of your illness," the letter went on. It was dated two weeks previous. "She said she would not cable me unless you were in actual danger, so as not to alarm me, but was well and wrote. She waited for that, until you were out of the worst of it, until your mother and child. I have only recently heard of all this illness, deeply sympathize and am sorry I was not there. Though I suppose your aunt was competent enough and I would have been a burden at the time."

"As a matter of fact, her letter did not come to me for many weeks, I ran a dangerous risk, and I came to Europe and over to Alexandria. The latter was a business trip, in connection with some excavations the curator of the museum at home is making in Northern Egypt. The letter reached me when I landed at Naples. As you see, I am now back in Paris."

How father slipped lightly over the facts. He possessed an apartment in Paris that was quite large, and here he stayed a great deal of the time and entertained generously. He had a very tiny and inexpensive apartment in Florence, and he belonged to a club in Rome where a room was always reserved for him. When he was in America he was in Nice, where he spent most of each year, he put up at one of the hotels, always ordering the same suite of rooms to be ready for him. It was only when he was in New York, where he had been born and brought up, that he was homeless.

Then he wandered from hotel to hotel, stubbornly refusing my aunt's offer of hospitality.

I liked my father very much. I certainly did. I ever regarded him as a parent; he never seemed to have any relationship towards me—he was merely an amusing older friend who spent money on me, but insisted on taking me to places that bored me.

I went back to my letters.

"As a matter of fact, I think you had better come out and join me here. You can't afford it here before, but you were little help then, because you certainly never inherited from me. Your aunt is most disappointed because you could not have a rent season at home. But I think this will wait until next winter, though you will be—is it 19 or 20?"

Wednesday—Winthrop

BEAUTY CHATS by Edna Kent Forbes

## A SUMMER LOTION

One of the most frequent complaints at this time is of excessive perspiration under the arms. Women and for that matter, men, too, frequently write to me and ask what can be done to stop this. Unfortunately, I always have to answer that nothing can be done or should be done to stop perspiration, which is vitally necessary to the proper functioning of the body.

All will be more comfortable with soft collars instead of stiffly starched ones, and in very thin unlined suits during the hot weather. Women will be more comfortable and will perspire much less freely if they will eliminate unnecessary underclothing. Why wear corsets on a sweltering hot day, and why wear ribbed underwear that interferes with the motion of similar woven material, will allow the skin to ventilate?

The part that perspires most freely is the armpit. Loose sleeves and short sleeves will eliminate most of this, while keeping the armpits free of hair, by shaving or using a depilatory, will also help a great deal. Use this formula, which will prevent excessive perspiration without interfering with the normal functions of the body, and which will destroy all unpleasant odors:

Epsom salts ..... 8 ounces  
Wheat bran ..... 1/2 pint  
Water ..... 4 pints

## Heart and Home Problems

BY ELIZABETH THOMPSON.

Letters May Be Addressed to Mrs. Thompson, in Care of the Gazette.

Dear Mrs. Thompson: I am a girl of 16 and have a boy friend of 19 who has the habit of calling me up on the phone when you telephone him. You should have phoned him in the first place, and furthermore it was very ill-bred to hang up the receiver when his mother was talking.

Forget the young man. After what has happened it is useless to expect him to come to you in the future. It would be all right to write a note asking for the pictures and the comic.

Make the note brief and say nothing which does not concern the return of the articles.

Dear Mrs. Thompson: If a girl goes out with a boy, would it be proper to stop along the road if they both acted all right? GREEN.

A great deal of headache in the world results from indiscretions while girls and boys are out automobile riding unchaperoned. It would not be wise or "proper" to stop along the roadside. To passers by it would not be evident that both "acted all right."

Dear Mrs. Thompson: Will you kindly advise if it is not correct for a gentleman to raise his hat when a lady when she speaks to a gentleman not known to him?

CURIOUS.  
Yes, he should tip his hat.

Dear Mrs. Thompson: I am a girl of 18 and have a boy friend who

I do not believe the young man

## Today's Short Story

By GEORGE T. BYE

Illustrations by WILLIAM STEVENS

### The Racket Store

Reader, this is a love story, though the opening scene is in a lawyer's office, most barren of locations for romance.

Lawyer Howett is talking to the manager of a national credit rating institution. The road man has been sent to scour around in confidential quarters to get a line on the questioned prosperity of Alex Frazer who owns the Racket Store. Perhaps he was a little behind in his payments, or something of the sort.

"The more I thought of it, the worse it seemed. I went out on the plaza and stood staring into space. Parker had to hunt me to bring me into my car."

I went to bed still more depressed. I was not going to join father in Europe, that I determined. I would invent some plausible reason. Yet the alternative seemed to be my aunt—and that meant a summer of fashionable resorts, and parties and bands and dances. I was so tired and bored with all of it.

I wanted to stay quiet—I wanted to live in the little white house in Winthrop. I went to sleep hoping I would worry myself into a relapse. Then I could stay on where I was at peace.

Wednesday—Winthrop

Soon it was no secret that the Racket Store was in a generally poor condition. One morning Frazer called on Lawyer Howett to have him look up the title on a block of ground he was buying for a new home.

"Congratulations on your big success, Alex," the attorney said, "and congratulations to Arthur Kimball, too. You don't know what that boy did for you, Alex. He got you your double 'A' rating, did you know that? This was news to the association members."

"I know. It's been a little hard on Art," conceded Frazer. "We'll see if he'd like to come back. He used to be sweet on my girl Gladys. That's just, and maybe he's got more business in him."

The trouble with Frazer was that he had too much business in him to see that Arthur was still a credit to him, and that Arthur only had more business in him because he was more eager to marry Gladys. The drum is now Frazer & Kimball, father and son-in-law.

The telephone brought Arthur to the lawyer's office, and he at once understood the purpose of the credit man's question. If for revenge, he reported the owner of the Racket

### Household Hints

MENU HINT  
Breakfast  
Brain Cereal. Berries.  
Toast. Coffee.  
Luncheon  
Tomato Ravigote.  
Graham Bread Sandwiches.  
Carrot Custard.  
Dinner  
Swiss Steak (veal). Pickled Beets.  
Cabbage and Pepper Salad.  
Potatoes Boiled in Skins.  
Apple Roll with Cream.

### RECIPES FOR A DAY

Brain Cereal—To two quarts of boiling water add one teaspoon of salt. Slowly add one cup of cereal, then one cup of brain. Allow to cook slowly one-half hour. Vary this by using different cereals. Cook while stirring, then strain in the morning and add boiling water and beat to the right consistency.

Tomato Ravigote—Prepare six tomato shells. To the pulp add one can of shrimp, one teaspoon of minced onion, one tablespoon parsley, one tablespoon tarragon vinegar, three tablespoons mayonnaise. Put this mixture in the shells, chill and serve on lettuce beds with a sprig of parsley on top.

Caramel Custard—Caramelize two-thirds cup of sugar. Do this by placing in heavy aluminum pan over slow fire, stirring constantly until it turns to a brown sugar. Add the sugar to cold milk and allow it to come to boiling point. In the meantime beat four

Arthur cleared his throat. "I don't know there was any doubt about it," he said. "The old skinning has too much Scotch in him to get in a million tucked away. In liberty bonds and everything. Probably he isn't too much cash on hand, but you couldn't get him to sell a bond below par if he tried." He stopped. "I asked Frazer for a \$2 bill and he drew me. That's Frazer."

"Thank you," smiled the lawyer and credit man. And Arthur returned to the ice house where he had a summer job.

The information gave Alex Frazer and his Racket Store a "AA" national rating, which had its effect in luring of traveling men stopping off on six, nine, 12 months credit. The credit men's record was 100 customers could boast that the stock Frazer crowded into his emporium and the big assortment of merchandise attracted customers from 40 miles around.

boards at our house. He is a very nice boy and treats me kindly.

My mother objects to my going with him because he is not well-to-do. I love him and would feel very lonely without his company.

Please advise me whether I should steady with him or should I listen to my mother?

PEGGY.  
Listen to your mother. Keep the young man as a friend but not as your boy friend until you are older and until he is in a financial position which would warrant his requesting you to give up other friends.

# Adams School Wins Field Meet-Bowlers Elect Officers

JEFFS SECOND BY DECIMAL MARGIN; 350 COMPETITORS

TABLE OF POINTS

Adams ..... 110 1-3

Jefferson ..... 80 1-0

Webster ..... 80 1-0

Washington ..... 82

Capturing 37 places in the playground field meet at the community picnic at Crystal Springs Wednesday, the Adams school walked off with first place and annexed the cup with a total of 110 1-3 points. Athletes carrying the colors of the Adams dashed their way to a fast 12 seconds, seven thirds and two splits.

Second place went to Jefferson by the narrow margin of one-third of a point over the Webster school.

Three hundred and fifty school boys and girls took part in the event, the largest ever staged here. One hundred and sixty prizes were distributed.

Cup to High Scorer

A cup will be given to the individual scoring the highest number of points. The girl who came in second and fountain pen will be given and to the second boy a year's subscription to the "American Boy." These winners have not yet been decided.

A large number of parents witnessed the events. A veritable motorcade carried the youngsters to the picnic grounds. Four lots of the Hammers and Sappers' big bus and 20 pleasure cars were used.

The most exciting event of the day was the chicken race in which the task was to catch a live chicken. Amid the yells of the boys and screeches of the girls, Anderson of Adams won the prize.

Postpone Y.M.C.A. Half Mile Swim

Owing to the fact that a number of the Y. M. C. A. swimmers will be working, while some are at the H-Y conference and other places, the "half mile swim, originally set for Saturday afternoon, has been postponed until next week. This announcement was made by A. E. Bergman, athletic director at the local "Y."

"I have taken the matter up with the boys who are in town," said Mr. Bergman, "and I find that there will not be a sufficient number here to make the swim a success. I want to get at least 15 competitors and so I believe it best to put the date over a few days."

It is possible that the event will be run off next Wednesday. Medals will be awarded to the winners.

New York—Jack Dempsey, world's heavyweight champion and Bill Brennan, veteran Chicago heavyweight, seem destined for a third battle. Negotiations are now under way.

Results Playground Races

DIVISION 1  
(GIRLS' Races)

50-yd. dash (Class 1)—First, R. Persson; second, Ambrose.

50-yd. dash (Class 2)—First, Creek.
